

Modern AI Customer Support for Growing Businesses

AI-Powered Customer Support That Never Sleeps

Website: helpisto.com

Email: admin@helpisto.com **Phone:** 469-403-1918

Helpisto is an all-in-one AI customer support platform that helps businesses automate customer interactions, book appointments, and provide 24/7 support—without hiring additional staff.

What you can automate

- ■ Website chat: instant answers and lead capture
- ■ Appointment scheduling: self-service booking + reminders
- ■■■ Live agent inbox: take over from AI anytime
- ■ Multi-language support: serve customers globally
- 📞 ■ AI Secretary (24/7): human-like phone conversations and appointment booking (separate plan)

About Helpisto

Deploy a customizable AI chat widget, train it on your business knowledge, and manage everything from a single dashboard. Helpisto is built for speed: launch in minutes, scale without extra headcount, and keep customers happy 24/7.

Our Services A–Z

AI Chatbot Widget Embed on any website in minutes. Customize colors, position, and branding. Runs 24/7.	AI Agents Create multiple AI personalities with custom welcome messages and response styles.
AI Training & Knowledge Base Train with Q&A; pairs, import website content, upload documents, and link products.	AI Website Crawler Automatically pulls content from your website to keep answers accurate and up to date.
Appointment Scheduling Built-in calendar with automated email confirmations and reminders.	Live Chat Inbox Real-time management, chat history, and visitor details. Take over anytime.
Analytics & Reporting Conversation stats, satisfaction ratings, AI performance metrics, and exportable reports.	Multi-Language Support Automatic language detection so you can support customers globally.
Voice Messages Collect voice messages from customers and keep them organized with conversations.	Quick Replies & Templates Reusable reply library with keyword-triggered automation and buttons.
Webhook & API Integration Connect to CRM tools, Slack, Zapier, and custom systems via webhooks and API.	Email Notifications New conversation alerts, appointment reminders (24h and 1h), and daily summaries.
Security & Controls Encryption, IP blocking, rate limiting, audit logs, and configurable access controls.	Custom Branding Use your logo and colors. Remove Helpisto branding on paid plans.
